Mixed Ages/Drop-In Play

A FREE bridge between school year sessions, come and maintain healthy routines and year round learning. Families can stay connected and build early learning and parenting skills in the summer by continuing to learn together. A variety of hands-on learning activities will promote growth in social skills, language and literacy, and problem solving with peers. Enjoy individual and group discussions with parents about children's growth and development.

For SSP parents and their children, ages birth–5 years.
